

Comet 130 S

ATIKA®

The modern professional concrete mixers

- approved technique
- easy operation
- powerful 600 W motor
- sturdy construction
- best mixing results

IP 45

Technical data

Type	Comet 130 S
Drum capacity	130 l
Performance	
• Tilting lever	
• Handwheel	
Motor	
A.C. (Altern. current)	230 V~ 50 Hz
Power P ₁ S1	600 W
3-phase	400 V 3~ 50 Hz
Power P ₁ S1	750 W
Dimension	
Length	1200 mm
Width	680 mm
Height	1280 mm
Weight	ca. 53 kg
Double insulated	<input type="checkbox"/>
in conformity with GS/CE	•

Order-No. for Comet 130 S with:	
• A.C. motor and tilting lever	322052
• A.C. motor and handwheel	322050
• Three-phase motor and handwheel	322051

Comet 130 S - the little professional concrete mixer

Durability, reliable operation and comfortable control-functions are indispensable requirements for daily tough site work. The "Profiline" of concrete mixers, constructed on decades of ATIKA-experience in concrete mixer production, fulfill these conditions. Comet 130, alternatively equipped with powerful single or three-phase motor, handlever or handwheel is well approved on sites.

Outstanding technical features are distortion-free frame and large cross-piece, wide footplate for excellent stability, sturdy chassis with wheels and aligned drum-bearing.

Operated by powerful A.C. single-phase motor of 600 W or 3-phase motor of 750 W with thermal overload protection and no-voltage release, Comet 130 fascinates by quit running. Power transmission via a sturdy, well protected pinion gear. Mixing drum, consisting of two sections, and drive shaft are equipped with precision ball bearings.

Conical shape of mixing drum with folded edge and large opening for easy filling and emptying. Ingenious mixing forks assure best mixing results.
