

**“CERTIFICATE”
for
“POLYURETHANE FOAM”**

This certificate confirms, that:

BAYDUR™ I-90-C-60/W

is

a low density rigid polyurethane foam system

to be used for moulded parts.

The system is 100% HCFC- and HFC-free

and has thus an

“ozone depletion potential” (ODP) of 0

and a

"greenhouse warming potential" (GWP) of 0.
