

ARIENS®

SPECIAL EDITIONS

ALPINE

HIGHER ALTITUDES MEET HIGHER PERFORMANCE.

The pinnacle of power – exactly what this machine delivers. Its standard hydrostatic and our patented RapidTrak® drive makes for easy manoeuvring and is powered by our largest-in-class 420cc EFI engine, built to perform extremely well at high altitudes with lower oxygen levels. A large LED light bar across the housing provides the brightness you need during those long winter nights where it's often only a little more than the moon illuminating your path. Look for the Alpine badge and you'll know you have the machine designed for mountain peaks and peak performance.
