## Content Declaration

| Components         | Specifications  | Proportion of Natural Material (%) | Weight (%)  | lb/y <sup>2</sup> |
|--------------------|---|------------------------------------|-------------|-------------------|
| Filler             | Mineral Filler such as limestone, clay  | 44%                                | 44%         | 0.98              |
| Recycled Materials | Pre-Consumer  |                                    |             |                   |
| Binder             | Polymers - 31.5%<br>Plasticizers (DPHP-di(2-Propyl Heptyl) phthalate) - 18.5%<br>Stabilizers - 1.7% |                                    | 51.8%       | 1.15<br>2.61      |
| BioBased Material  | Soy Bean Oil  | 1.6%                               | 1.6%        | 0.04              |
| Pigments           |   |                                    | 1.9%        | 0.04              |
|                    |   |                                    | <b>100%</b> | <b>2.21</b>       |

### Information

Tarkett can assist in contacting the manufacturers if more information is required.

### Notes

- › The content declaration specifies all included raw materials
- › The components' shares are presented as rounded figures in weight % and lb/y<sup>2</sup>
- › Shares below 2% can be specified as "< 2%" respectively < weight lb/y<sup>2</sup>
- › The amount of pigment is presented for the whole collection
