

Stair nosing solutions

TARKETT WOOD

The new
collection of
stair nosings
coordinated with
our exclusive
wood decors

DISCOVER OUR NEW TAILOR MADE STAIR NOSINGS

Elegant and minimalist, our new collection of stair nosings offers the optimal solution for contemporary, stylish environments, thanks to its perfect colour match with our hardwax oiled floors.

- Perfect colour match with the on-trend floor designs in our Vintage, Prestige and Heritage ranges
- Materials are natural and hardwax oiled yet easy to clean and maintain
- Achieve a beautiful, durable finish with just a little care
- Suitable for installation in residential projects as well as in shops and bars

A premium solution providing optimal colour coordination between stairs and floor.

The stair nosing's colour and surface effects form a seamless match with the adjacent stair, retaining the wood's natural feel and subtle variations in tone.

Total compatibility with our standard floorboards comes via the 2-Lock installation system, ensuring a tight, gap-free join. The minimalist design of the 90° corners creates a modern-looking, elegant transition between the stairs and the floor.

Matching matrix

The stair nosings form a perfect match with your choice of floor. Find your floor below and chose the Coordinated Stair Nosing to use.

For the best results, use a professionally-trained installer. (Staircase installation instructions available at www.tarkett.com).

When ordering stair nosings, please bear in mind that a typical staircase is 900 mm wide with 14-17 steps.

As our stair nosings have the same composition as our standard floors, you can use the maintenance and technical data sheet for the relevant floor. All stair nosings are treated with hardwax oil and will require regular maintenance.

To give your installation the final touch, we recommend our hardwax oiled floor repair kit.

The pictures only present the colour of the floor. For more details regarding grading and variations see the Grading Book or www.tarkett.com.

Tarkett's international range of floors comprises many different products. Some of these may not be for sale in your country. Although every care has been taken to reproduce images that reflect the finished product, the quality of monitor and printer and the nature of wood results in variations in the color and structure of individual planks. **For further and latest information please visit www.tarkett.com**
