

GLASS CLEAN

Technical Data Sheet

Creation Date 12/07/2018

Version I

A very effective biodegradable car care cleaner for all types of glass.

Where to use?

CRC Glass Clean can be used for all types of glass as well as for mirrors, headlamps and bumpers.

How does it work?

The foamy substance gives the product more time to effectively dissolve the dirt and remove contaminants. It leaves no film and is harmless to paint finish.

What to expect?

CRC Glass Clean gives a sparkling finish to windows, mirrors, chromium plated parts, vinyl and other plastic surfaces. It removes road film, grease, finger prints, smoke haze, squashed insects and residues from glass surfaces.

Be prepared

- Before use, carefully read and observe the warning texts on the label.
- Dispose empty cans according to your local legislation.

Help for a good application

- Shake can well.
- Spray on and spread out with clean, soft cloth, sponge or paper towel. On heavily soiled areas, cleaner should remain for approximately 1 minute.
- Wipe off and polish with clean, dry cloth.
- Sensitive plastics (polystyrene, polycarbonate, ...) need to be checked before applying, particularly when thermal and mechanical stress is involved.

Technical data (Aerosol)

Appearance: Clear, colorless liquid
Volume: 250 ML
