

BREEAM Nor – Self Declaration Statement

Chemicals Product group: Building panels

Product name:	Oiled Kombi Pro plywood
Manufacturer:	Linyi Hafu Wood Industry Co.,LTD.
Primary use in construction:	Concrete moulding, shuttering, temporary use.

CHEMICALS TO BE AVOIDED:	Does exist in product:
Phthalates DEHP, BBP and DBP	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
Arsenic	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
Lead	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
Chromium	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
Brominated flame-retardants (HBCD, TBBPA)	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
Octyl-/Nonylphenol	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>

Alternative names for the different chemicals:

Phthalates

Di(2-Ethylhexyl)phthalate, Dietylheksylftalat

Arsenic

Arsen, Arsensyre, Arsin (arsenhybrid), Blyhydrogenarsenat, Diarsenpentoksid (arsenpentoksid), Diarsentrioksid (arsentrioksid, arsenikk), Trietylarsenat, Galliumarsenid

Lead

Pb, Bly, Blykromat, Blyfosfitt, Blyoksid (blymønje), Blymonoksid, Tetraetylbyly, Blynaftenat, Blyulfomolybdatkromat (C. I. Pigment Red 104), Blyulfokromatgul (C. I. Pigment Yellow 34)

Chromium

Krom, Dikromtrioksid, kromtrioksid, blyulfokromatgul (C.I. Pigment Yellow 34), Blyulfomolybdatkromat(C.I.Pigment Red 104), natriumdikromat, StrontiumkromatandBariumkromat

Brominated flame-retardants

Tetrabrombisfenol A (TBBPA), Heksabromsyklododekan (HBCDD)

Octyl-/nonylphenoler

Oktylfenol, Nonylfenol, Oktylfenoletoksilat, Octylphenolethoxylate, Nonylfenoletoksilat, Nonylphenolethoxylate, Poly(oxy-1,2-ethanediyl), a-(nonylphenyl)-whydroxy-, Fenol, 4-nonyl-, forgrenet
