NEVER LOSE TRACK AGAIN – WITH THE NEW ID LABELS.

Keep all the information about your assets in one place – the PRO360 app.

Create your own handy inventory: Attach the new ID labels to anything you want to keep an eye on, and simply scan to add it to your PRO360 inventory. ID labels are available in small (13 x 23 mm) or large (25 x 50 mm) sizes and in packs of 50 or 100 each.

WHAT ARE ID LABELS GOOD FOR?

BOSCH

ID Label

123 456 789

PRO))360

▶ Save time by eliminating the need for manual documentation.

▶ Your assets can be quickly identified to rule out confusion.

▶ ID labels can replace illegible or non-existent nameplates.

▶ Keep asset-documents handy within the PRO360 app for easy service or guarantee claims.

▶ The labels are very liable and usually outlive the assets.

HOW DO THEY WORK?

PRO)))
BOSCH

1. Simply stick the ID label to any of your assets you want to keep track of. Take care to attach them to clean, smooth surfaces only. Wait 24 to 48 hours for the labels to harden properly.

2. Sign in to your PRO360 mobile app.

3. Scan the labels' code within the PRO360 app.

4. Create your digital inventory.
