LEDLENSER

PRODUCT DATA SHEET

Charging Station Type A

—— # Charging Station Type A

PRODUCT DESCRIPTION

With this highly professional tool, the Ledlenser flashlight is always charged and at hand for the next use. The included magnetic charging cable (length: 120cm) can either be integrated directly into the charging station or used externally. The charging station is compatible with the Ledlenser 5 Station Charging Panel (Item No. 502261), in which up to five lamps can be charged simultaneously. Especially popular with professional users, e.g. in workshops or factory halls.

USABLE WITH

P5R Core, P5R Work
